

Dutch students to organise workshop

EXPRESS NEWS SERVICE

Kakinada, Sept 8: Four students from Netherlands arrived here today to hold a six-month-long workshop at the Maharshi Sambamurthy Institute of Physically Handicapped.

Jana Sikshana Samstha director T Srinivasa Rao said the four youths have degrees in Human Kinetic Technology. He said they would train about 6 to 8 locals in artificial limb manufacturing at the workshop.

The students, Esther Blom, Jan Willem de Joode, Tom Kalkman and Annelies Verheji said significant emphasis has been laid on the quality in the design process. They said Azad Khan, one of the board members of the Netherlands-based Association Friends Indeed, informed them of their projects in India.

The foursome also said India was an interesting place. They said the project duration is six months and that nearly 25 artificial limbs will be made by them in that period. Sambamurthy Institute member Vadrevu Ravi was present on the occasion.
